Premier Services Group was established in 2004 by our CEO Derek Holgate. Starting out with Derek personally installing flooring, windows, and doors, our company was founded on the vision of delivering the finest customer experience from start to finish. Through dedication, expertise, and a focus on customer satisfaction, strong bonds were forged, leading to our team's expansion with skilled and professional installers who share our commitment to excellence.

Over the past 20 years, our company has flourished, now boasting a workforce of over 170 employees spanning across 9 states. Despite our growth, we've remained true to our roots as a family-oriented business, continuously adapting to technological advancements and evolving industry standards while upholding our unwavering dedication to quality craftsmanship and professionalism. With a track record of providing over 40,000 successful installations a year, Premier Services Group stands as a beacon of superior product knowledge, impeccable installation services, and unwavering customer support.
