We are looking for skilled and experienced Hardwood Flooring Installers to join our company. As a 1099 independent contractor, you will be responsible for installing, sanding, and staining hardwood flooring in residential homes. This role offers flexibility in managing your own schedule and the opportunity to work on a variety of projects. Ideal candidates will have expertise in hardwood flooring installation, finishing, and refinishing, with strong attention to detail and the ability to work independently.

Key Responsibilities:

- Install hardwood flooring in residential homes, including solid wood, engineered wood, and other wood flooring types.
- Measure, cut, and lay flooring materials with precision to ensure a perfect fit.
- Prepare subfloors by leveling, cleaning, and ensuring the surface is ready for installation.
- Remove and dispose of existing flooring if necessary.
- Perform sanding and refinishing of hardwood floors to smooth the surface and prepare it for staining or sealing.
- Apply stain and finish coats to achieve the desired look and protect the wood from wear and damage.
- Install baseboards, moldings, and transitions as part of the flooring project.
- Use appropriate adhesives, nails, or other fasteners to secure the flooring.
- Ensure proper spacing and expansion gaps for the wood to expand naturally.
- Operate tools such as saws, sanders, nail guns, and other finishing equipment to complete the installation and refinishing process.
- Provide post-installation cleanup and remove debris from job sites.
- Communicate with homeowners to address any concerns, expectations, or custom requests regarding installation, sanding, or staining.
- Adhere to all safety guidelines and ensure compliance with local building codes.

Qualifications:

- Proven experience in installing, sanding, and staining hardwood flooring in residential settings.
-
